SPARSH GROUP

"Sparsh Group" was founded in 1975 by Shri Murlidhar Agarwal. The group initially started distribution & dealership for various Products like chemicals, tea, cement, fertilizers etc. under the partnership firm. The group continuously registered growth in on-going businesses of trading & dealership.

Under the strategic Plan, the group decided to foray in manufacturing activates with an objective to have flexible packaging solutions under one roof. This objective was archived by setting up

multiple factories in Kanpur during mid-nineties till date.

The vision and passion of the promoters have been integral to Sparsh Group's success in building the company from a small beginning to a well-diversified conglomerate and continuously looking forward towards various expansion and modernization initiatives in order to secure & ensure its continual and sustainable business growth.

SPARSH GROUP

CONTINUE TO EMBRACE **CHANGE** AND **INNOVATIONS**

Mr. Vijay Kumar Agarwal
Chairman, Sparsh Group

From **The Chairman's Desk**

On behalf of Sparsh Group, I would like to express my sincere gratitude and heartfelt thanks to our honourable customers and business associates who have continuously shown their solidarity, trust and confidence in our core values, products, quality and services. With your support, guidance and faith in us, we have been able to achieve continuous growth & milestones.

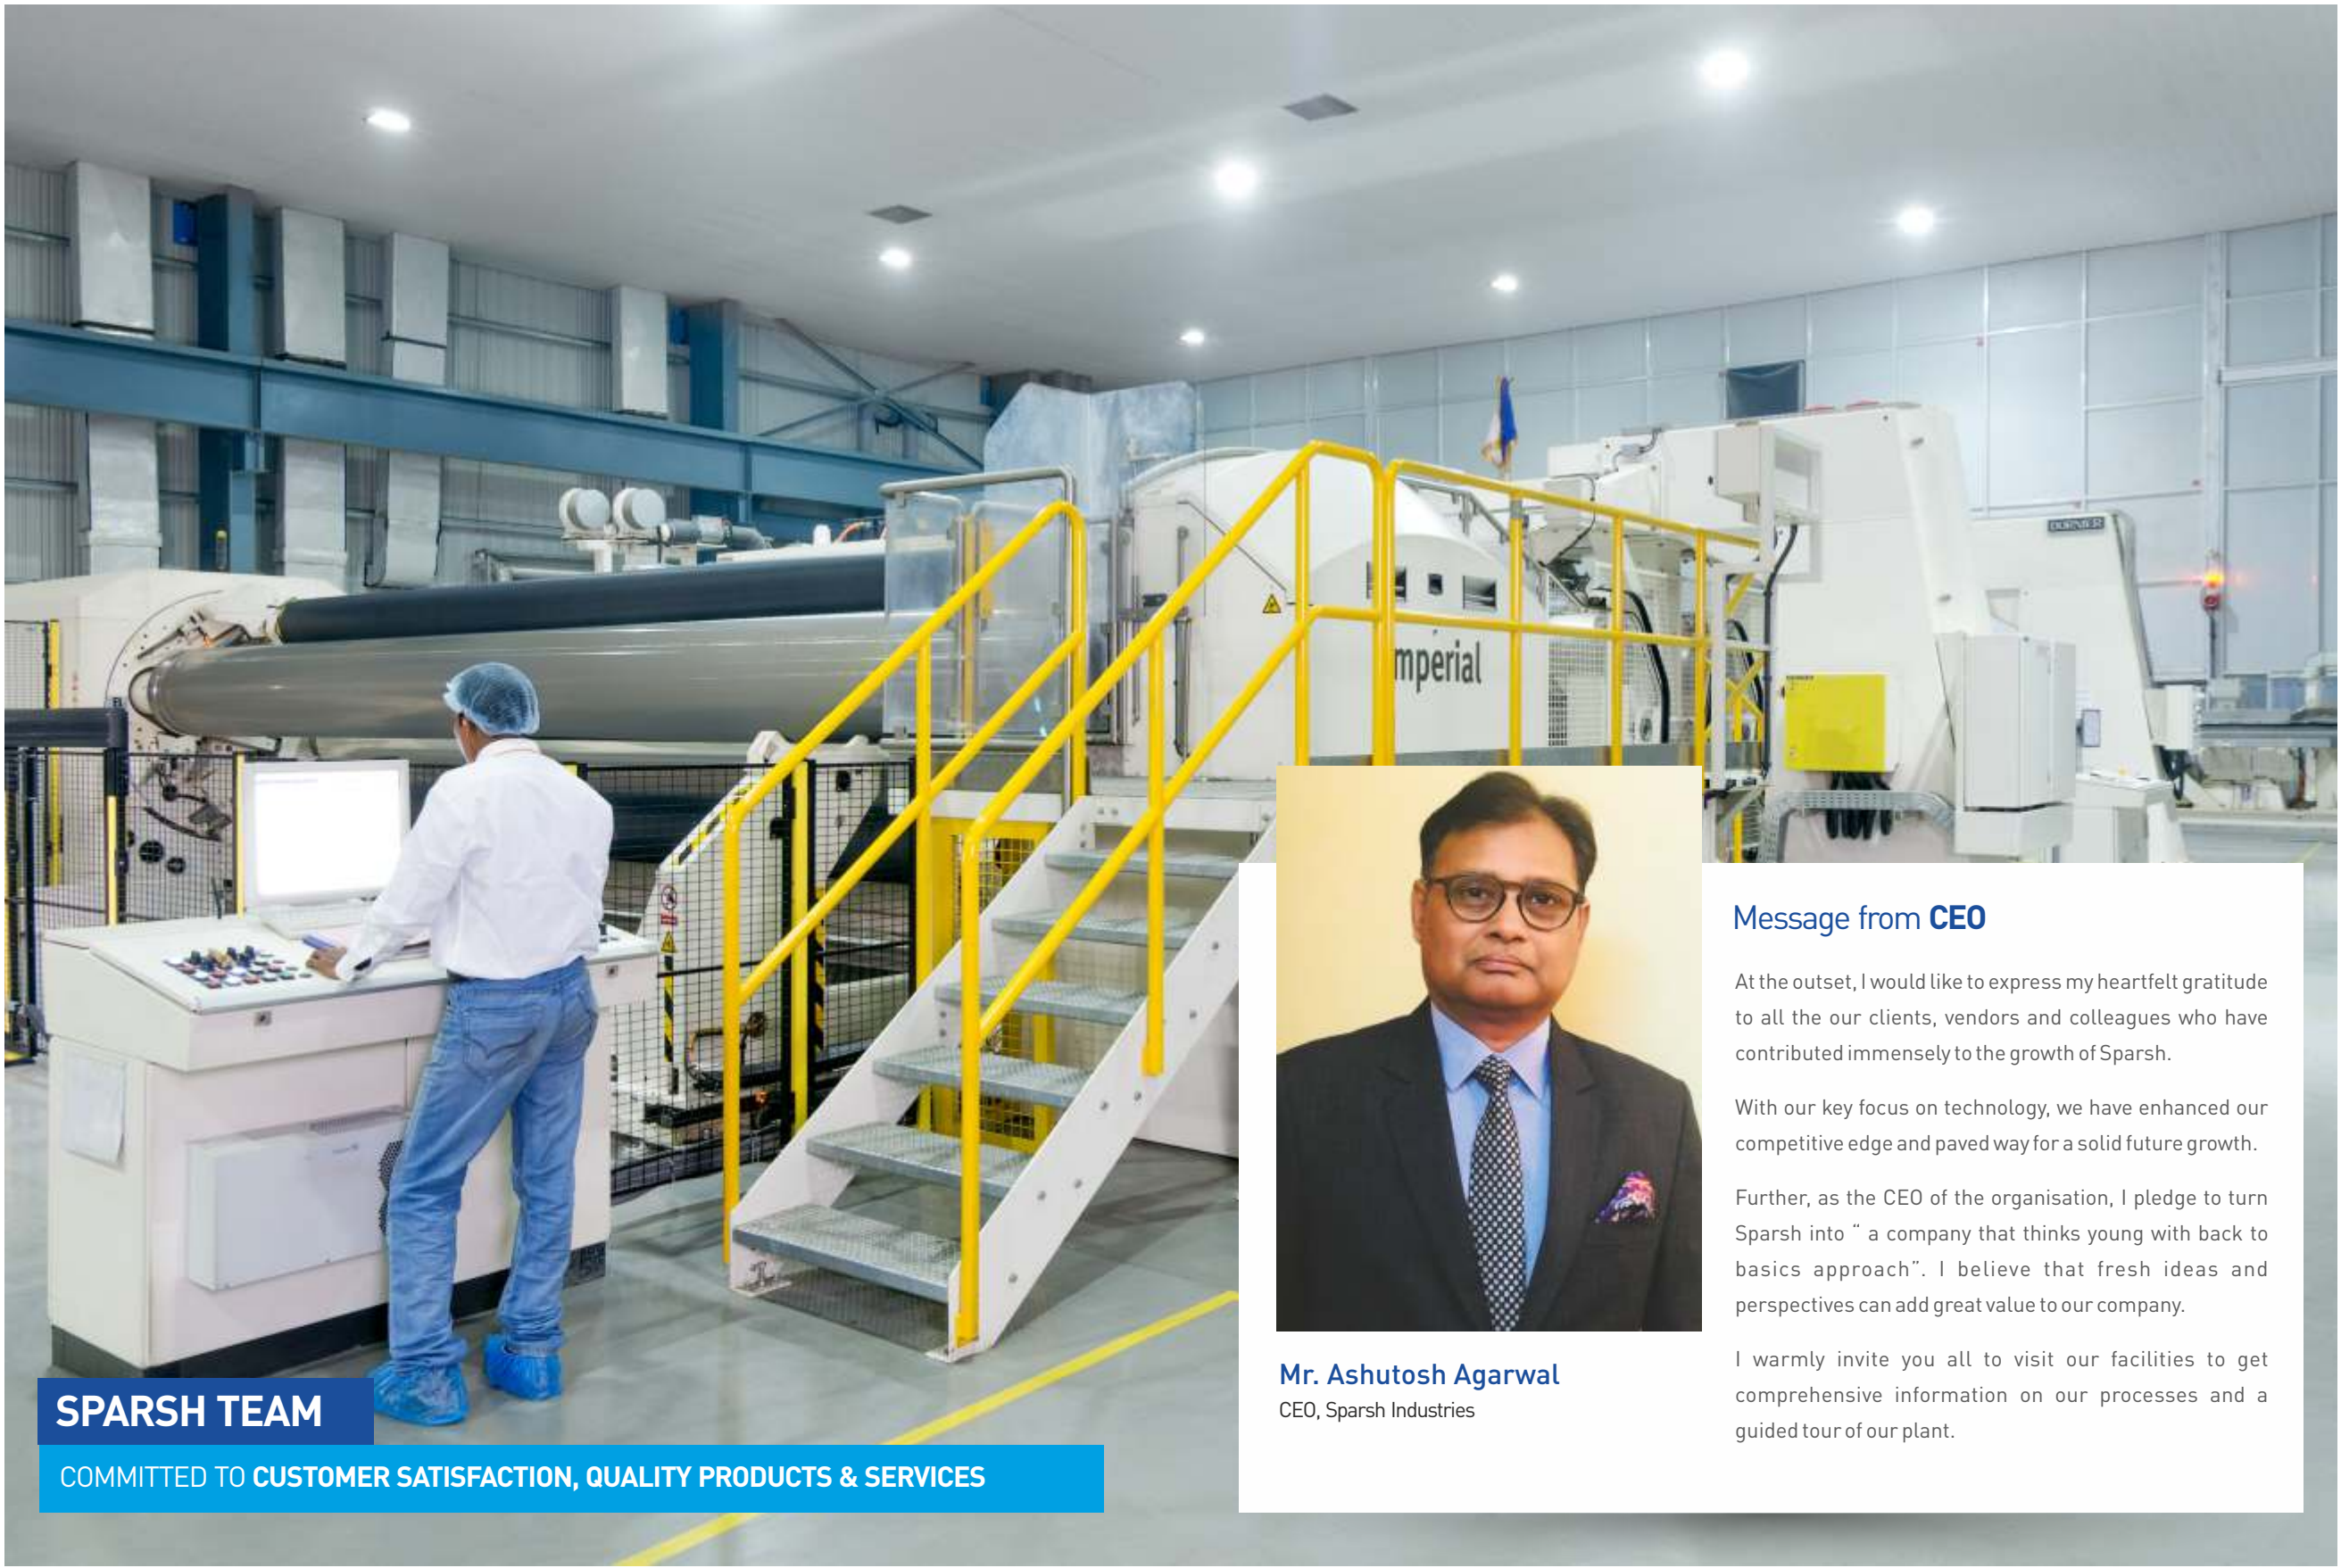

Sparsh is a young, progressive and fast-growing group having vision to provide complete packaging solutions under its flagship banner SPARSH GROUP. To fulfill our vision of becoming the leader in packaging business, we aim to satisfy our customers by creating value and implementing our strategies through strong and swift management practices.

Myself with the entire team of Sparsh Group looking forward to provide you the best of customer services and operational excellence.

VISION STATEMENT

COMPLETE **PACKAGING SOLUTIONS** UNDER THE FLAGSHIP

SPARSH TEAM

COMMITTED TO CUSTOMER SATISFACTION, QUALITY PRODUCTS & SERVICES

Mr. Ashutosh Agarwal
CEO, Sparsh Industries

Message from CEO

At the outset, I would like to express my heartfelt gratitude to all our clients, vendors and colleagues who have contributed immensely to the growth of Sparsh.

With our key focus on technology, we have enhanced our competitive edge and paved way for a solid future growth.

Further, as the CEO of the organisation, I pledge to turn Sparsh into "a company that thinks young with back to basics approach". I believe that fresh ideas and perspectives can add great value to our company.

I warmly invite you all to visit our facilities to get comprehensive information on our processes and a guided tour of our plant.

SPARSH INDUSTRIES LINEAGE

Sparsh Industries is a leading manufacturer and flexible packaging solution provider, producing BOPET films, Cast Poly Propylene (CPP) films, Al foils & PET resins. It was incorporated in 2009 and started manufacturing operations in February 2012 by installing BOPET film production plant with German technology in Kanpur, India.

The company has undertaken & executed aggressive expansion plans back to back during last few years. During these years Sparsh has expanded BOPET transparent & metallized film capacity and enlarged product portfolio by installing AL foil rolling plant & cast propylene facilities. Sparsh aims to fulfill growing customer requirements and their expectations.

Sparsh manufacturing facilities & infrastructure are truly state-of-the-art and meet global standards. Sparsh has a well spread marketing & distribution network to serve both domestic and global customers.
